

# Lead Adult Care Worker Apprenticeship Level 3

## Duration

12 months plus 3 months  
for End Point Assessment

## Level

Level 3

## Delivery Model

Hybrid - Online and face to face tuition

## Entry Requirements

Are you in, or moving into a role, where you will be undertaking frontline care duties with vulnerable adults?

Are you working with service users in settings such as day care, residential care, dementia services, learning disabilities services or in individuals' own homes?

Gain a **government accredited qualification** and develop skills to take responsibility for supervision, guidance and frontline leadership in care settings:

- Understand the principles of duty of care
- Learn the principles of safeguarding and protection
- Promote choice, independence and person centred practice
- Understand infection control and health and safety
- Learn how to use medication safely and effectively in care settings
